

How to Set Up Direct Deposits & Automatic Payments

Please give your employer or other agency the routing number, account number and bank address below to set up any direct deposits (such as payroll, Social Security, retirement, or pension).

You can also use the routing number and account number below to setup any automatic payments from your account.

Account Type: Checking Savings

Routing Number: 091307149 Account Number: _____

Savings accounts are limited to six electronic withdrawals per month. For this reason we encourage you to set up automatic payments with your checking account rather than savings.

You can also set up automatic payments through our bill pay service which is available with our online banking program.

If you need help switching any of your current automatic payments, just ask your personal banker.

Bank Address:
Western State Bank

Phone: 888-662-4936
